

Backed by Beard. Built for Turf.

Feed plants. Fuel rhythm.

Flourish is a balanced, premium N-P-K blend that supports both shoot and root development. It provides full-season nutrition that drives uniform growth and lasting color.

Flourish is built for ornamentals, palms, and turf - a balanced blend that supports steady growth, vibrant color, and healthy root development across plant types.

Key Features:

- 60% Slow-Release N for even feeding
- Multi-Market Versatility: designed for ornamentals, palms, and turf
- Balanced nutrient delivery with moderate phosphorus
- Fast response from Nitrate and Ammoniacal Nitrogen
- 3 Priller, No Filler Formulation

Use it when: You want one reliable, all-purpose performer for turf, ornamentals, and palms
