

Backed by Beard. Built for Turf.

Spark the Roots.

Ignition is designed to fire up growth from the ground down. With high phosphorus and potassium for strong rooting and recovery, this blend delivers explosive early energy followed by steady, balanced feeding. Ignition gives turf and ornamentals the fuel they need to take off fast and stay strong.

Key Features:

- 55% Slow-Release Nitrogen for steady energy
- Phosphorus for establishment and early vigor
- Balanced NPK for complete plant development
- 3 Priller, No Filler Formulation

Use it when: You want fast green-up, deep rooting, and strong start-up energy.
