

**BACKED BY BEARD.
BUILT FOR TURF.**

Slow burn. Serious power.

Smolder keeps turf cooking with controlled intensity. This high-energy N + K blend delivers color that won't quit. Expect thick growth and relentless performance.

Smolder keeps the heat alive with 80% SRN.

Key Features:

- 80% Slow-Release Nitrogen for steady energy
- Balanced potassium for overall plant health
- Fast response from Nitrate and Ammoniacal Nitrogen
- Sulfur-Charged for color and nutrient efficiency
- Feeds Clean: no surge growth or drop-off
- 3 Priller, No Filler Formulation

Use it when: You need sustained feeding through the season with color that sticks.

Keep the Fire Burning

Guaranteed Analysis

• Total Nitrogen (N)*	29%
• Urea Nitrogen*	24.2%
• Ammoniacal Nitrogen	2.75%
• Nitrate Nitrogen	3.025%
• Available Phosphate (P ₂ O ₅)	0.0%
• Soluble Potash (K ₂ O)	9.0%
• Sulfur (S)	3.85%

***24.2% Slowly available Nitrogen from Polymer Coated Urea**

**DERIVED FROM: Polymer Coated Urea, Ammonium Chloride,
Ammonium Nitrate, Potassium Nitrate and Kmag**
